

Legend participates in Thailand's largest PC show

Adelaide, November 29, 2005 — Legend has once again finished another successful Commart show in Thailand capital of Bangkok. The show featured leading vendors and distributors from the region and showcased the latest and greatest products. Legend showcased their newly released Multimedia card product (MMC) as well as the range of Legend flash memory, memory modules & video cards. Legend also showcased products from Foxconn & Hitachi Global Storage Technologies.

“Legend has continued sales growth in Thailand over the last 12 months with strong relationships with local OEM's and resellers. The close proximity to Legend's new plant in Singapore is reducing product lead times and increasing Legend's competitive advantage in Thailand” said Stanley Seah Legend's Asia Sales Director.
