

Legend at Cebit 2006

Darling Harbour, Sydney, June 1, 2006 — Legend took part in this year's Australian Cebit show as part of the South Australian Government's Department of Trade & Economic Development exhibition. This year's show had a record attendance of over 30,000 visitors. The show had visitors from 77 different nations. Legend's core memory & flash products were well received by visitors to the show as well as some of the newer data appliance and consumer electronics products such as the personal media player and digital set top boxes. Legend's next exhibition will be at the Electronics Industry Association's Technology Futures Conference at the start of July.
