

Push your SD™ media card to the edge with Legend data appliances

Adelaide, October 18, 2006 — Spring has seen Legend launch a new generation of data appliance products guaranteed to exercise your Legend SD™ media card to the max.

Legend SD Card™ (Secure Digital) has become the benchmark in data storage for applications including digital cameras, MP3/MP4 players, mobile phones, PDAs and so much more.

Now you can get the best value and performance out of your Legend SD™ card through Legends collection of data appliances including the BABYBOOM mini boom box, LDIGICAM3.1 digital camera and the 7" Digital LCD photo frame.

Legends data appliances are guaranteed to be the perfect marriage for your Legend SD™ Card.
